Listening texts:

Test 1:

1) Listen and choose:

I think there some things you need to learn about using social media, she said. "Sign into your account and go to the settings. First, we need to make your page private. That means only your friends can see your videos. Now let's turn off the nasty comments. That way people can't say bad things about you. If you want, you can turn them back later."

Test 2:

1) Listen and choose:

Saqqara is one of the biggest sites in Egypt. It has many tombs, including one of the oldest pyramids in Egypt. Builders made this for the King Djoser in about 2630 BCE. It is the Step Pyramid, and it is one of the oldest stone monuments.

Test 3:

1) Listen and choose:

When heavy rain or strong winds move soil from one place to another, it creates erosion. Human activities such as heavy agriculture can also create this. During a drought, there isn't enough rain, and rivers and lakes become dry. There isn't water and there is a water-shortage. This affects the environment and farmers can't grow food or feed their animals.

Test 4:

1) Listen and choose:

From the beginning of time, humans watched birds and wanted to fly through the skies. Today, we fly from one continent to another in no more than one day. We are even able to send people to the moon in rockets.

The problem with transportation that uses gasoline is that it burns fossil fuels, and these are bad for the environment. Engineers are designing greener airplanes and ships too.

Test 5:

1) Listen and choose:

Fossil fuels are things like coal, gas, and oil. These are burned in factories or used to make homes and buildings warm. However, they are non-renewable; when they run out, we can't find or make more of them. When we burn fossil fuels, a lot of carbon dioxide is released into the atmosphere.

Test 6:

1) Listen and choose:

Long time ago, the only types of transportation for humans were walking, running, and swimming. After that, humans began to use animals like mules, donkeys, and horses. Then came small boats like canoes and other types of water transportations. Once they invented the wheel, people started to use small wagons and carts. Farmers in the country could transport their goods to markets in cities more easily.

Test 7:

1) Listen and choose:

Many tourists visit Luxor from a Nile River cruise. They can see the Temple of Karnak and the Valley of the Kings. Ancient Egyptians buried their kings and queens here for thousands of years. You can see lots of paintings and engravings in the temples.

Test 8:

1) Listen and choose:

Nahla has a new social media account. Her older brother Faisal helped her to set up her account. She wants to be a wildlife photographer when she grows up. So, she posts photos of flowers, trees, birds, and animals on her account. Nahla's account is private so only her friends and family can see it. Her friends like her photos and they always write nice comments about them. Nahla has started making a short video, too. She posted her first video on her account yesterday.

Test 9:

1) Listen and choose:

It is very hot in the desert so it is a good place to get solar energy. This is a clean way to get electricity, and it is a good source of renewable energy.

Test 10:

1) Listen and choose:

Adam is a clever pupil in primary four. He goes to school every day. He gets up at six o'clock. He likes English and science. He is kind and polite, so all his teachers love him. He does his homework regularly. He sometimes helps his mom make dinner. He goes to bed early at ten o'clock.
